

The Leslie Vale Oval was announced as the new home for the Intercultural Sports League cricket competition on Friday, February 4. Glenorchy Cricket Operations Director, Simon Stebbings, Hafeez Inayat from Australian Pakistan Club of Tasmania, Ben Smith from Cricket Tasmania, Mayor of Kingborough, Cr Paula Wriedt, Kevin Smith, ICSL founder Raj Chopra, and Gagan Virk from the Tasmanian Punjabi Sports Club. ## Leslie Vale new home for cricket

Six years of begging councils, schools and cricket clubs for access to grounds has finally come to an end for the Intercultural Sports League (ICSL), thanks to a partnership with Kingborough Council and support from Cricket Tasmania.

Leslie Vale Oval will be the new home of the ICSL. President of the ICSL, John Paul Palissery, said "This announcement is a real game changer for us."

"ICSL has grown every year since its inception. We now have more than 200 players and 13 teams, including our first women's team which started this season."

ICSL first met with then Mayor of Kingborough, Dean Winter seeking use of the Leslie Vale ground.

Soon after the ICSL secured a State Government grant for around \$70,000 to redevelop the ground, including a synthetic wicket.

Mayor of Kingborough, Cr Paula Wriedt joined Cricket Tasmania's manager for community cricket, Ben Smith, along with Elise Archer MP, for the announcement of the new home ground on Friday, February 4 at the Leslie Vale Oval.

"Kingborough Council is delighted that we have been able to help facilitate a secure program for the Intercultural Sports League through the use of Leslie Vale Oval," said Mayor Wriedt.

"The Intercultural Sports League now has more than 200 players and 13 teams.

"This is an amazing achievement for all involved.

"Promoting multiculturalism through a shared love of cricket, the Intercultural Sports League is making change at grass roots, or turf level.

"We look forward to completion of the works on Leslie Vale Oval next year and the League hosting their first home games.

"As is evidenced by the numbers attending our citizenship ceremonies and the breadth of countries they represent, it is clear Kingborough is becoming increasingly multicultural and it is fantastic that our newly arrived residents can link into something like the Intercultural Sports League," said Mayor Wriedt.

Finding grounds on which to play was both a challenge and limitation for the ICSL.

The ICSL competition was the focus of a short SBS documentary released last year titled *Sidelines*, that followed the journey of a of working-class white Australian team, the Derwent Scorpions, as they interacted with players from a wide range of cultural backgrounds.

ICSL received the Human Rights Award for Tasmania in 2018.

## Motions and applications moved

The Kingborough Council Meeting was held online on Monday, February 7 where a number of key decisions were made by Kingborough Councillors.

"While the meetings have temporarily moved online, we are still having robust discussions and progressing important matters," said Mayor of Kingborough, Cr Paula Wriedt.

"Amongst the items considered at the Meeting were significant trees, customer service and complaints policies, a development application and three councillor motions raising matters of community concern."

For more information on the significant trees and customer service and complaints policies, see pages 5 and 8.

Council considered three motions, the first from Cr Gideon Cordover, seeking to improve public safety in Kingborough through Council's advocacy on a range of service provisions.

Following debate, Council agreed to focus on lobbying the State Government for construction of an Urgent Care Centre for the state's south and a new ambulance station for the Channel.

The first stage of improved bus facilities for students at Taroona Primary and High Schools has been completed in time for the start of the new school year. Under the first stage, the city-bound bus stop on the Channel Highway opposite the primary school has been upgraded to make it safer and more convenient for students to use Metro's public bus services. The improvements include a larger and safer waiting area, two new bus shelters for increased comfort, and a design that better caters for passengers with limited mobility.

# Sea change for Meg

**Meg Procter of Kettering has always loved the water.**

The idyllic environment of the Channel has provided her and her family with many, many happy hours of boating and fishing over the years.

After several years working in her mother's Kettering café and a 12-month stint as a landscape gardener, Meg was not really sure about what her future career might look like, but she was on the lookout for a change.

When she saw some Huon Aquaculture recruitment advertising, her interest was piqued, maybe here was a chance to turn her love of the water into a rewarding career.

After interviewing successfully, Meg joined Mick Thorpe and his team at Huon Aquaculture's Pillings Bay site, where she has quickly found her place and started to pick up some of the proficiencies required to have a rewarding career in aquaculture.

"I didn't really have any plans, but I'm so glad that I've ended up here," said Meg.

"This is such a great team and I'm getting to try lots of different things."

Meg said some of the skills she learned as a land-

scape gardener have stood her in good stead – use of different tools, versatility and thinking outside the box, and she is proud of how quickly she has mastered all of the required maritime knots and started to pick up a range of other skills around boats and marine in the short time she has been with the company.

Pillings manager Mick Thorpe says that an entry level position at Huon Aquaculture can be a great jumping off point for young people looking to kickstart their careers.

"Once Meg passes her probation period, we'll sign her up for her Certificate III in Aquaculture, where she'll be able to get her licence to operate a forklift, her cox's ticket and learn plenty of other skills which will help her progress within the company," said Mick.

"It can be a real stepping stone for young people, they will end up multi-skilled across a range of areas within the business."

Huon Aquaculture currently has a number of employ-  
ment opportunities on offer, many of which do not  
require previous industry experience.

site at [www.huonaqua.com.au/work-at-huon-2](http://www.huonaqua.com.au/work-at-huon-2)

## Long grass reply

Dear Editor,

In reply to Ms Hofman's letter (1 Feb 2022), Council's roadside slashing program typically starts towards the end of October and finishes around the end of February.

We are on track to finish this program within the allocated timeframe.

This year, some south-eastern Tasmania weather stations had had their highest total spring rainfall on record and other sites had their highest total spring rainfall for at least 20 years.

The exceptional wet spring and early summer has extended the growing period.

This results in us seeing more growth than usual in areas that are scheduled for the latter end of the slashing program.

Similarly, areas that were cut earlier may need to be revisited.

Council will undertake additional cuts when required. It is also important to note that Council is not responsible for State Roads and roundabouts.

We are currently engaging with State Growth about taking on the maintenance of these as part of our program but at this stage, the slashing of those areas cannot be undertaken by Council.

In order for our crews to understand which areas are of concern, it is best to send an email to [kc@kingborough](mailto:kc@kingborough) to report any concerns about unslashed road verges.

# Restrictions lifted for Hawthorn and Snug Villages

**Christian Homes Tasmania (CHT) has reported that both of their aged facilities are currently out of lockdown.**

CHT, which operates the Hawthorn Village and Snug Village facilities, advised that visitation restrictions were lifted on 15 January 2022 after being released by the Public Health Unit.

The Snug facility went into lockdown on New Year's Eve and the Hawthorn facility went into lockdown on Tuesday, January 4, 2022 following staff testing positive to COVID.

CHT management said it worked very closely with both State and Federal Health authorities throughout the outbreak period.

During the lockdowns, CHT implemented its Outbreak Management Plan which had been prepared to manage situations such as that which arose.

In addition to restricting visits to the facilities, increased levels of Personal Protective Equipment (PPE) was deployed, which ensured that there was no internal spread of the virus within the facility.

CHT said it was well prepared for the community spread of COVID and its Outbreak Management Plan was able to contain the virus which resulted in the lifting of the lockdowns.

According to management, CHT remains aware of the potential impact from community transmission and has continued strict entry requirements for staff, visitors and contractors.

Monitoring of staff with daily Rapid Antigen Tests (RAT) are being undertaken and levels of PPE precautions are continuing.

Chief Executive Officer, Glenn Hardwick, stated all CHT staff performed well during the lockdowns.

"It was through their dedication and commitment that the residents were kept safe and prevented any further

spread of the virus," Mr Hardwick said.

"In addition to working in full PPE and practicing infection control procedures, staff also worked additional shifts and extended hours to cover for staff who were furloughed due to the virus.

"During this time, staff ensured that residents were kept active and facilitated family contact via phone calls and on-line video calls.

"Staff are to be commended for keeping our residents safe during this difficult time," Mr Hardwick said.

# Council to seek scientific advice

Continued from front page

A motion from Cr Clare Glade-Wright was sought to prohibit the use of glyphosate in fenced children's playgrounds. "As Council officers already use an organic herbicide and undertake hand weeding for weed control in fenced children's playgrounds, and because the European Food Safety Agency will be releasing a comprehensive assessment of glyphosate this year, Council determined to defer this matter until the new scientific information is available and to work from an evidence base," said Mayor Wriedt. "Like all Tasmanian councils, Kingborough Council refers to the Australian Pesticides and Veterinary

Medicines Authority (APVMA) as the overarching agency and follows their advice regarding herbicide products. "Regardless, Council officers have been investigating other, non-chemical, treatment methods for some time now. "We will continue to monitor scientific advice and legislative changes and will adjust our policies and practices accordingly," said Mayor Wriedt. Cr Glade-Wright's second motion was to seek Local Government Association of Tasmania improved clarity around the circumstances in which fire bunkers can be approved. Council approved, with conditions, eight multiple dwellings at 165 Redwood Road Kingston.

Cr Clare Glade-Wright sought two motions at the recent Kingborough Council meeting including prohibiting the use of glyphosate in fenced children's playgrounds. (PS)

David O'Byrne MP delivered donated school supplies to the Kingston Neighbourhood House last week. Members of the community and businesses have rallied around the donation drive, with several hundred workbooks, sets of pens and pencils, lunchboxes and other supplies being donated to families in need. (PS)

## Community rallies around school supplies donation drive

Member for Franklin, David O'Byrne MP has been collecting donations of school supplies and stationery to donate to families in need.

Members of the community and businesses have rallied around the donation drive, with several hundred workbooks, sets of pens and pencils, lunchboxes and other supplies being donated.

"The sad reality of our education system is that some kids don't get the most basic stationery and supplies they need for school if their parents cannot afford it," David O'Byrne said.

"No parent should have to choose between putting food on the table or providing their kids with the basic stationery and equipment they need to learn.

"Increasing cost of living pressures, including soaring rents and fuel costs, is putting even more pressure on families in financial distress.

While these parents want to make sure their kids have the best chance at school, many simply cannot afford it.

"I believe that all students in Tasmania should have access to the basic stationery and supplies that they need to learn at school, regardless of their family's financial situation."

"While limited stationery and supplies are sometimes provided, it is significantly less than what students need to get through the school year," said Mr O'Byrne.

"The donations received so far have filled a room in my electorate office.

"It's amazing to see the community come together and help these kids out," David O'Byrne said.

With the help of various community organisations, Neighborhood Houses and schools, supply packs will be provided to primary and high school students in need of assistance.

Some supplies will be provided to schools directly.

## Council's new complaints policy

**During the Kingborough Council meeting on Monday, February 7, Mayor of Kingborough, Cr Paula Wriedt vacated her chair in order to move Council's new Complaints Management Policy.**

"This is something I have feel very strongly about", said Mayor Wriedt.  
"There has been considerable consultation and the staff have done a lot of work on this and I think it is now a best practice approach.  
"We have modelled our approach on the Victorian Ombudsman's Framework which has been in place, tested and reviewed over a number of years.

"By implementing such a system, Kingborough Council can ensure its complaints mechanisms are integrated throughout Kingborough's operational activities and are effective, efficient and promote fairness, integrity, and administrative excellence.  
"The proposed policy incorporates most of the changes and additions suggested by respondents who provided submissions.  
"The Policy will be effective from March 21 allowing for a period of staff training," Mayor Wriedt said.

# Significant trees set to be protected

Kingborough Council is determined to move to public consultation on 11 potential significant tree listings following an assessment of nominations by Council officers at a meeting on Tuesday, February 8.

The 11 listings represent over 200 trees in the municipality. "The main mechanism for protecting significant trees is through including them in Kingborough's planning scheme, requiring a planning scheme amendment," said Dr Katrena Stephenson, Director of Environment, Development and Community at Kingborough Council. "This is why it is easier to consider a lot of nomina-

tions at once.

"We can now move on some longstanding nominations and clear our backlog.

"Council unanimously supported these nominations going out to public consultation for four weeks.

"Owners and occupiers of a property or adjoining properties to a tree that is proposed to be listed will be contacted directly in writing.

"A report will then come back to Council with all the feedback and Council can determine to amend any of the proposed listings or not before it is formally progressed to the Tasmanian Planning Commission."

Kingborough Council had over 740 replies to its online survey of the community as part of its proposed Kingston CBD upgrade. This data is now all being analysed so a report can be prepared for Council's consideration at the end of this month. Pictured is an artist's impression of Kingston's CBD upgrade, based on one of the consultation options. (PS)

# Applications open for new CCYP Ambassadors

The Commissioner for Children and Young People (CCYP), Leanne McLean said the 2022 CCYP Ambassador Program is currently open for applications from a diverse cross-section of Tasmania's children and young people, including from the Kingborough and Channel area.

"An important part of my role as the Commissioner for Children and Young People in Tasmania is to have as thorough an understanding as possible of what Tasmania's children and young people lives are like," Ms McLean said.

"This includes understanding the issues that are important to them, the different obstacles they face and how they think things can be improved for children and young people in this state.

"Having this information means I can better advocate for Tasmania's children and young people.

"The CCYP Ambassador Program is one way I get these insights."

Ms McLean said the CCYP Ambassadors are a group of young Tasmanians aged 10 to 17 from

around the state.

"They meet with me in person around four times a year to talk about their life experiences and discuss various topical issues.

"They also get to meet with politicians and other decision makers at an annual statewide event to present their views on the big topics of the day and participate in fun creative activities.

"It's really important for the members of the CCYP Ambassador Program to be as diverse and representative of Tasmania's young population as possible.

"That's why I'm really encouraging children and young people from all backgrounds to apply for the program.

"You don't have to be the most academically gifted or the best public speaker to apply.

"Ideally, we'd have CCYP Ambassadors from all corners of the state, from diverse ethnic, cultural, social and religious backgrounds, diverse genders, different capabilities and different life experiences, and so forth.

"Support for anyone with particular needs can also be put in place to ensure everyone can participate fully.

"The only eligibility requirements to become a CCYP Ambassador is that you must be aged from 10 to 17 years of age when you apply, be a resident of Tasmania and be able to attend at least two CCYP Ambassador meetings in 2022."

Applications are open now and close on February 18.

Application forms and more information about the program can be found at [www.childcomm.tas.gov.au/get-involved](http://www.childcomm.tas.gov.au/get-involved).

"I totally understand that not everyone is comfortable completing written applications, we've therefore got an option to submit a video application," Ms McLean said.

"We can also make other suitable arrangements if potential applicants email us at [childcomm@childcomm.tas.gov.au](mailto:childcomm@childcomm.tas.gov.au) or phone Cathy Williams from our CCYP Ambassador team on 6166 1362."

The Commissioner for Children and Young People, Leanne McLean is seeking applications for the 2022 CCYP Ambassador Program, which closes on February 18. (PS)

# A kitten adoption day

**Summer is the busiest time for cat rescues, as it is peak kitten season.**

Unfortunately, many people haven't had their cat desexed yet.

Under the new amendments to the *Tasmanian Cat Management Act*, from Tuesday, March 1, all cats over the age of four months must be desexed and microchipped.

There are discounted desexing services offered at various clinics, including the Lenah Valley Community Vet and Thylacine Iutruwita at Mornington.

All Southern Tas Cat Rescue (STCR) cats and kittens are desexed, microchipped and vaccinated before being available for adoption.

Bryn and Britney are among the kittens looking for new homes.

Bryn is a very special kitten as he is STCR's 900th rescue.

These four-month-old kittens are black and white with gorgeous facial markings and are full of fun.

Their foster carer, Julie, said Bryn is an affectionate, cuddly little boy.

"Bryn regularly climbs up on to my chest for cuddles and scratches," said Julie.

"He also loves charging around with his favourite scrunch toy in his mouth."

"He is very inquisitive and loves to investigate everything around him."

"Britney is a bit shyer than her brother, preferring to watch her brother's antics from the safety of a box until

she feels confident."

These kittens and others will be at STCR's Adoption Day at Huonville Animal Tuckerbox on Saturday, February 19, from 11am to 2pm.

For more information, contact Southern Tas Cat Rescue via Facebook or email [southerntascatreue@gmail.com](mailto:southerntascatreue@gmail.com)

**Every pet deserves a health check**

Do your best friend a favour and don't miss their annual health care check. Pets on average, age five to eight times faster than humans. By age two, most pets have already reached adulthood. At age four, many are entering middle age. By age seven, many dogs, particularly larger breeds are entering their senior year. Remember, early detection is the key.

Because pets age so rapidly, major health changes can occur in a short amount of time. The risk of cancer, diabetes, obesity, arthritis, heart disease and other serious conditions all increase with age. Annual health checks can help our doctors diagnose, treat or prevent problems before they become life-threatening. It's also a great opportunity to ask us about nutrition, behaviour, and other issues.

## Huon Family Vet

Eileen, of Huon Family Vet, has provided services for dogs, cats, horses and farm animals in the Huon and Channel area since 1987.

She is highly skilled in the practice of small animal medicine and surgery, and has extensive experience in animal management, flock and herd health, and also taking care of individual cattle, sheep and goats requiring veterinary care.

"We first met Eileen on a winter's night delivering a calf," recalled a couple of local grateful, animal owners.

"Then she looked after our old dog, Angus, suffering from cancer, keeping him as well as possible, before finally helping us say our last farewell to our

four-legged mate."

John and Chris of Mountain River said they were thrilled to find a vet who would come to their farm, and also take care of their dog and cats, and who was there when they needed someone.

"She is practical, yet empathetic and understands the many deliberations we have to make when taking care of our animals whether it is considering affordability, or the strong connections we have with our pets.

"Eileen is always willing to work with us to help us find works for our entire family or our farm.

"We would always recommend her, so give her a call."

## Adopt a greyhound

The Greyhound Adoption Program Tasmania, known as GAP Tasmania, is a program established by Tasracing with the objective of giving permanent homes to this loveable dog breed when they have been retired from greyhound racing.

GAP Tasmania is operated by Tasracing as a not-for-profit activity.

Tasracing employs a team of dedicated staff to care for and transition these wonderful dogs from elite athlete to pets.

Every greyhound that enters the GAP Tasmania program is temperament assessed, de-sexed, has up to

date flea and worm treatment, current C5 vaccination, microchip registered to the new owner, and has their teeth polished and nails trimmed.

They can spend three weeks with our volunteer foster carers who help prepare them for pet life while gathering important information about them to help GAP match the dogs with the right forever home to best suit them.

The program is run by people passionate about greyhounds and about educating the wider community that greyhounds make wonderful pets, the greyhound is one of the kindest and gentlest dogs you will ever meet!

## Davey Street Rehabilitation Work

Thank you for your patience as we repair the road surface on Davey Street.

### Ongoing traffic changes

We will be working nights between **6.30pm** and **6.30am** from **Sunday to Thursday**. Where a shift is lost due to poor weather conditions, work may be rescheduled to include an optional Friday night. Night time lane closures and reduced speed limits will be in place. Motorists should allow up to **eight minutes extra travel time** during the roadworks period.

Two lanes of traffic on Davey Street will remain open during nightworks.

Please follow speed limits and the directions of traffic controllers and signs. A reduced speed limit will also be in place during the day for the roadworks period.

### Other changes

There will be no street parking available in the work location.

There will be some temporary, nightly disruptions to bus stops.

Please follow your service provider's alerts and look for any local signage.

### Additional work near Brooker Highway

We will also be doing road surface repairs on sections of Davey Street between Brooker Highway and Argyle Street between **Sunday, 6 February and Sunday, 13 February**, weather permitting. On **Sunday, 6 February**, we will be working between **2pm and 1am**. On all other dates, we will be working at night between **7.30 pm and 5am**.

During these work hours, traffic to Evans Street will be diverted through Elizabeth Street and Franklin Wharf. Motorists should allow for up to **15 minutes extra travel time**.

This project supports the delivery of projects within the Hobart City Deal.

Snug (6-206) took home the Putalina Oyster Cove Shield in the first Welcome to Country round, defeating Kettering (203). Suellen Procter of Kettering Cricket Club said both teams are looking forward to continuing this tradition in a match of cricket between Kettering and Snug for many years to come. It was a well battled game which had a man of the match the Noel Clifford Medal. Noel is currently a member of Snug, but has been a member of both clubs and is a proud indigenous descendent. The Noel Clifford Medal was won by Snug team member Aaron Schwesinger. Pictured Colleen Frost delivered the Welcome to Country address before the Kettering and Snug Putalina Oyster Cove Shield game.
